The Number one

ONE is a remarkably flexible range of panels that easily masters any storage space task. An endless variety of widths and heights can be combined in new ways every time. Drawers, hinge or sliding doors and fine glass shelves invite you to give ONE an individual look that perfectly matches other ranges. With the finishes oak, oak dark and white, a wide variety of impressions can be achieved from cosy to businesslike. Sliding doors whose 5 cm thick honeycomb board has a finish in oak or oak dark are a real eye-catcher. ONE is the number one when it comes to storage space for the home and office.

Inspiration, advice, planning for your home!

Professional furnishing advice and planning service free of charge!

Do you have specific questions about our products or are you simply looking for ideas or suggestions for redesigning your home? In the room center and at many ArteM partners, on request you will receive comprehensive advice from specialist staff on site. According to your specifications, we then use the FURNPLAN program to create a 3-D customized furnishing plan including flooring, wall colours and possible decoration accessories. You will get a colour printout and a list of products so that you have a perfect basis to make your purchase decision.

Be inspired!

Show and exhibition centre, conference venue and marketing headquarters. All events by and with ArteM have come to a climax here for several years. No matter whether it is the annual in-house "room days" exhibition, conferences and company events held by our partners or specialist clients, boxing galas or casino evenings. We also naturally present all the current home concepts and trends from our range on the area covering around 2,500 m². In other words you can gather inspiration for your home and completely at your leisure, or actually choose products that you can then order through our specialist retailers.

Furniture Made in Germany

Everything “Made in Germany” – that doesn’t just tell you where the product comes from, it’s a coveted mark of quality. Originally introduced by the British in the late 19th century, it was a safeguard against allegedly inferior goods from Germany. But at the latest, during Germany’s economic miracle years, this turned into the opposite. Goods “Made in Germany” were shown to be of far better quality and durability than others, and to this day, products from Germany are synonymous across the globe with quality of a particularly high standard. All ArteM cabinet furniture is produced without exception in Germany, from planning to final production.

Robust material and the highest quality guarantee you a long service life. Because we only use high-quality metal fittings, ESG safety glass and softened ABS edges as well as high quality and thoroughly tested fabrics and leather for our upholstered furniture.

As is our tradition, the high individuality of your furnishings is particularly close to our hearts. Alongside numerous suggested combinations, almost all of our product ranges also allow you to put together your own particular favourite piece. So it’s just the way you want it.

Easy self-assembly is guaranteed by sophisticated modular furniture and clear assembly instructions. And should there ever be a part missing, we’ll do all we can to make sure it’s mailed to you within 72 hours. And if you move

again, you can easily download the assembly instructions from our website for the reassembly process.

With our employees we work almost around the clock to ensure the fastest possible delivery. With our world-wide logistics network, we can guarantee fast delivery to almost any corner of the globe. Ask your ArteM retailer for details on availability and delivery times.

We do not show all ArteM products and versions in this catalogue, so take a look at www.arte-m.de, where besides more images you will also find detailed type lists and catalogues on our ranges to download.

Be inspired and plan your furniture individually in your favourite colours and combinations. Your specialised ArteM retailer will be pleased to give you detailed advice and

help in selecting your furniture. You’ll find a list of retailers on our website too.

We also look forward to welcoming you in person at our ArteM room center in Stadtlohn where we’ll be pleased to show you our ideas and product ranges.
