ESCALIER
STAIRS

Houlès propose une offre étendue de cordes à rampe, accompagnées de leurs accessoires de fixations assortis, en laiton poli pour la version classique ainsi qu'en laiton chromé pour une version plus contemporaine. Les barres à tapis pour l'escalier, ainsi que leurs fixations et embouts sont également disponibles dans ces coloris pour une décoration d'intérieur harmonieuse.

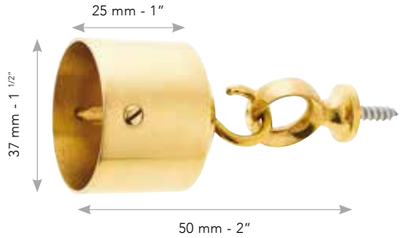

Houlès offers a wide range of barrier ropes with matching accessories in polished brass for the classic version or in chromed brass for a more contemporary look. Stair rods with brackets and finials are also available in these 2 colours, to create an harmonious interior decoration.
